Write-Ins on Race Day

Facts About Super Vee contd.

year a Volkswagen-sponsored pro series was instituted. It became an SCCA pro championship in 1972, continued as a nine race series in 1973 and had 14 races in 1974. The Robert Bosch/VW Gold Cup series started in 1975 with ten events. WHY SUPER VEE? - Because of their design, Super Vees provide extremely close, exciting racing. Drivers moving from the club racing levels to Super Vee find it the least expensive entry into professional racing. The speed and intensity of competition in the VW based class provide an ideal training ground from which several drivers have advanced directly to top spots in the world of auto racing.
